MOLEXVIP > www.vip.molex.com

Your first task when accessing the VIP site is to register. Registration creates your own personal VIP site with a my.molex.com profile. While you can access most VIP information without registering, we can serve you better when you register.

Registration allows you to:

Set preferences and personalize the applications and product information you see on your home page.

Request product samples without having to complete your information more than once.

Receive monthly e-announcements on new products and events of interest.

Edit your profile to change your settings.

Receive upgrade services as we continue to expand VIP's offerings.

Requirements for registration

Requirements for registration:

VIP registration requires that you have an account name, branch ID, and password. Your local Molex contact will supply this information, which is required on the registration screen.

When you receive these values, record them in the spaces provided below:

- Partner number
- Branch ID
- Password
