

Did you know?

BR Surge breaker series are designed to provide complete home surge protection for sensitive electronics and appliances from the damaging effects of surges. In addition to surge protection, the BR surge breaker is a functional 2-pole thermal magnetic breaker providing protection for overloads and short circuits.

Product Benefits:

- Eliminate the need of an external mounted surge, saving precious spaces in the panel circuit.
- Direct connection to the busbar provides superior protection and easy installation for new construction or renovation.
- LEDs provide protection status.

Available in 30 and 50 amp versions, BR230SUR and BR250SUR
