

EasyHeat™ SR Trace™ Cable Connection Kits and Accessories

Pipe Freeze Protection and Temperature Maintenance. For Residential and Commercial Applications.

Product Overview

- SR Trace™ pipe tracing self-regulating heating cables must be installed with appropriate connection kits.

SRP Power/Splice Connection Kit

- Provides heat shrink tubing based power connection for one or two cables within customer supplied junction box.
- Provides heat shrinkable end seals.
- Can be used for heating cable to heating cable splice using a customer supplied junction box.
- One year limited warranty.

SRP Power/Splice Connection Kit

SRST In-line Splice Connection Kit

- Provides heat shrink tubing based in-line splice connection of two or three heating cables.
- Each kit performs two sets of splices and junction box is not required.
- One year limited warranty.

SRST In-line Splice Connection Kit

SRES End Seal Kit

- Provides heat shrink tubing to create a moisture proof end seal of the heating cable circuit.
- Each kit contains 5 end seals.
- One year limited warranty.

SRES End Seal Kit

SRTCS

- 3/4 in x 66 ft (0.019 m x 20.17 m) of fiberglass tape and five “caution” signs for compliance with NEC 427-13.
- One year limited warranty.

SRTCS

SRME End Seal Kit

- Used for terminating the ends of field-fabricated heating cables.
- Constructed of molded silicone material molded silicone material and silicone adhesive.
- Each kit contains materials to make 5 complete terminations.
- One year limited warranty.

SRME End Seal Kit

SRMP Power End Connection Kit

- Used for terminating field-fabricated heating cables inside the power connection box.
- Constructed of molded silicone material molded silicone material and silicone adhesive.
- Each kit contains materials to make 5 complete connections.
- One year limited warranty.

SRMP Power End Connection Kit

GFST1 Line Plug

- Plug in power connection kit with ground fault circuit protection.
- 3 ft (0.91 m) long assembly, rated for 15 Amp circuit breaker at 120 Vac.
- Includes two heat shrinkable end-seals.
- One year limited warranty.

GFST1

① Agency approvals are only valid when appropriate kits are used to install the heating cable for the appropriate heating application.

EasyHeat™ SR Trace™ Cable Connection Kits and Accessories

Pipe Freeze Protection and Temperature Maintenance. For Residential and Commercial Applications.

Certifications

- SRP power/splice connection kits, SRST in-line splice connection kits, SRES end seal kits are UL Listed and CSA Certified. ①
- The GFST1 Line Plug is UL listed to both Canadian and US standards.
- SRME end seal kits and SRMP power end connection kits are UL Listed, CSA Certified and Factory Mutual Approved for use in Class I, Division 2 locations.
