

## WIRING DUCT ACCESSORIES (Continued)

### Mounting Devices

Push Rivet is one of several types of mounting devices available.

| Panduit Part No. | Color   | Description                        | Pkg. Qty. |
|------------------|---------|------------------------------------|-----------|
| NR1-C            | Natural | Used with panel and duct thickness | 100       |
| NR1-M            | (Nylon) | .158" (4.0) up to .281" (7.1).     | 1000      |

ORDERING INFORMATION: Order number of pieces required in multiples of standard package quantity.

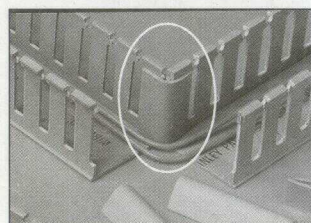

### Tools

- Push Rivet is installed with TNR tool (shown above)
- DNT tool notches Type E duct down to the score line or base for "T" and corner junctions
- DCT tool quickly cuts duct and cover to desired length
- Also used to cut joining strip and corner strip

| Panduit Part No. | Description  | Pkg. Qty. |
|------------------|--|-----------|
| TNR              | Rivet Installation Tool (Aluminum and acetal construction) | 1         |
| DNT-100          | Duct Notching Tool (Steel construction)                    | 1         |
| DCT              | Duct Cutting Tool (Steel construction)                     | 1         |

ORDERING INFORMATION: Order number of pieces required in multiples of standard package quantity.

### Joining Strip

- Provides smooth, round corner to protect wires
- Strip snaps into place, adhesives are not required.
- Used at duct junction

| Panduit Part No.      | Color             | For Duct Height | Used With              | Pkg. Qty. |
|-----------------------|-------------------|-----------------|------------------------|-----------|
| <b>6 FOOT LENGTHS</b> |                   |                 |                        |           |
| DJS1BG6               | Beige             | Any             | G,E,S,D Style PVC Duct | 6 ft.     |
| DJS1BL6               | Black             |                 |                        | 6 ft.     |
| DJS1DG6               | Dark Gray         |                 |                        | 6 ft.     |
| DJS1LG6               | Light Gray        |                 |                        | 6 ft.     |
| DJS1WH6               | White             |                 |                        | 6 ft.     |
| <b>PRECUT PIECES</b>  |                   |                 |                        |           |
| DJSP1LG-Q             | Light Gray (only) | 1"              | G,E,S,D Style PVC Duct | 25        |
| DJSP1.5LG-Q           |                   | 1.5"            |                        | 25        |
| DJSP2LG-Q             |                   | 2"              |                        | 25        |
| DJSP3LG-Q             |                   | 3"              |                        | 25        |
| DJSP4LG-Q             |                   | 4"              |                        | 25        |

ORDERING INFORMATION: Order required quantity in multiples of standard length increment or standard package quantity.

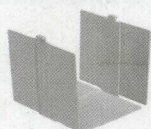

## FIBER-DUCT™ Routing System

Designed with 2" or 3" bend radius for smooth transitions of fiber optic cable

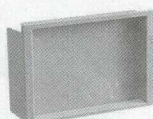

- Large Capacity 2"x2" and 4"x4" sizes
- Available in ABS or Polycarbonate material
- 5 color choices Black, Light Gray, Orange, Yellow and Clear
- Used with **PANDUIT PANDUCT®** Wiring Duct (Type E, S, PE, or PS-pg. 56)

| Panduit Part Number | Color* | Used With Duct Size | Description                  | Material  | Pkg. Qty. |
|---------------------|--------|---------------------|------------------------------|-----------|-----------|
| FCF2X2OR            | Orange | 2" x 2"             | Coupler                      | ABS       | 1         |
